This year's Funding Priority Areas- Revitalizing the Negev 2025

The Mack Ness Fund seeks to fund bold, relevant, and innovative efforts aimed at rebuilding and revitalizing the economic and demographic base of the entire Negev region.

- Address current challenges related to the region's economy.
 - Rebuilding and strengthening small businesses; promoting new start-ups.
 - Addressing workforce shortages, employment, and mentoring challenges
 - Revitalizing agriculture, agro-tech development, and related training
 - Starting or expanding other economic engines that will grow the region and its population.
 - Addressing the need for capacity-building
- Strengthen collaborative community efforts to encourage returning and living in the Negev.

The Council will prioritize proposals with the following key elements:

- Program goals and enumerated objectives which address specific acute needs and ideally will be incorporated into a vision and strategic planning for the long term.
- Leadership/team which are strongly committed to this project.
- Aiming for strategic impact through specific actions which are measurable, replicable, and/or scalable.
- Programs that involve municipal leaders, strong partnerships with quasi-governmental or governmental authorities, or collaborations with nearby communities are encouraged.
- Leveraging other funding sources to support and sustain the project.
- Organizations with a history of working with other Foundations and philanthropists.
